

CITY COUNCIL PROCEEDINGS

Judge Gordon Allowed His Pay for Last Year at Full Rate.

MARKET HOUSE COMMITTEE REPORTS

Loebek Suggests that City Can Derive Revenue from This Source and that Streets May Be Used.

The discussion of Judge Gordon and his court was brought before the council by Mayor Moore's veto of the judge's salary for the last half of 1901, which was included in a recent appropriation ordinance.

A communication from Judge Gordon was read in which he complained of the treatment he has received at the hands of members of the police department.

Councilman Loebek made a report for the committee which visited eastern cities to inspect market houses.

An informal reception was given last night in honor of Dr. H. C. Minton, moderator of the Presbyterian church of North America, and Dr. S. B. McCormick, formerly of Omaha, and now of Cedar Rapids, Ia., at the residence of Robert Dempster.

GREETING EMINENT DIVINES

Reception to Drs. Minton and McCormick at Home of Robert Dempster.

An informal reception was given last night in honor of Dr. H. C. Minton, moderator of the Presbyterian church of North America, and Dr. S. B. McCormick, formerly of Omaha, and now of Cedar Rapids, Ia., at the residence of Robert Dempster.

Mayor Moore notified the council that he has approved the contract with the Union Pacific Railway company.

The clerk of the police court reported that the fines and costs collected in the court during December amounted to \$401.59.

An ordinance was passed providing for the paving of Twenty-fourth street between Lake and Spaulding streets with vitrified blocks.

An ordinance was passed providing for the paving of Twenty-fourth street between Sherman avenue and Twenty-fourth street with the same material.

RECEIVING SPANISH DEBT

Spain's Debt a Heavy Burden on the Cuban People.

The San Francisco Bulletin publishes an interview with Robert Oxnard, the vice president of the American Beet Sugar company, which brings out a phase of the Cuban sugar tariff situation, which is perhaps the most important yet made in the arguments of those opposed to the removal of the tariff on Cuban raw sugars.

Oxnard's remarks are of especial interest to the people of Nebraska, also, as the beet sugar industry of this state has reached the point where it has demonstrated its great importance to the farming interests of the state. Mr. Oxnard said:

"There is one point regarding this Cuban matter which has an important bearing on the position taken by those who favor reciprocity, from the sentimental side. I have never seen any mention made of it in any of the articles that have come under my notice. It is this: Prior to the last revolution in Cuba, which led up to our war with Spain, and which paralyzed all the industries of the island, the sugar industry of Cuba was a highly prosperous one as evidenced by a steady increase in the amount of its production, which arose from an average of about half a million tons of twenty-five years ago to over one million one hundred thousand in 1894.

This result was obtained in spite of a crushing load of debt and taxation fastened upon the island by the Spanish government. It was also obtained while paying the full amount of import duties of Cuban sugar into the United States, which was 95 per cent of the Cuban crop.

CUBA AND A SUGAR TARIFF

Robert Oxnard Says Island Planters Can Stand Heavy Duty.

Two hundred women from Omaha and South Omaha were in attendance yesterday afternoon at the third annual meeting of the Presbyterian women's societies of the two cities, held at Westminster Presbyterian church.

Mrs. G. C. Thompson presided during the program, the feature of which was a symposium conducted by Mrs. Robert M. Stehling, of the Presbyterian church, Omaha, "Early Planting," by Mrs. Blair; "Cultivation," by Mrs. Johnson; "Harvest," by Mrs. Dickson, and "How Shall We Gather the Grain?" by Mrs. Morrow, made up the symposium.

Mrs. George Tilden presented the report of the state of the church, and the entertainment of the meeting of the board of the northwest, to be held here in April. Not only the Presbyterians, but other denominations will assist in the entertainment of the 250 delegates expected, the women of the First congregational church, where the meeting is to be held, having agreed to serve dinners to them, thus relieving the hostesses' organization of this responsibility.

In response to an appeal from the Presbyterian missionary at the Omaha agency for funds to provide a well at the mission station there, a highly successful collection was made, and Mrs. Drake closed the meeting.

CLOSES A PROSPEROUS YEAR

loss to the club, but its maintenance has been a necessity. The city has been encouraging, substantial and inspiring, and while the club does not claim to be the promoter of all of this prosperity, it does claim to have been a most active factor, and it is proud to have been a part of the assertion. The building of the Auditorium is a commercial club proposition, as are the improvements here being made.

During the existence of the club a great many conventions have been secured and cared for. During the exposition we took care of 200 conventions, large and small. Since then the number has been smaller, because of our poor facilities. Conventions of various kinds have been held here.

The past year has been the most prosperous in our history. The government reports show that the total value of our exports in 1901 was \$1,000,000,000.
